

Monday May 18th – “What TRIO ETS Means to Me”

Trio has provided me with important information on being organized, managing stress and pressure, and information on how to prepare for college. I have benefitted from taking a college tour at Texas Tech University with my Trio group. As a sophomore going to be a Junior in the fall, I am looking forward to learning more on SAT/ ACT preparation.

Thank you

Jerell Ngwanah 10th Grade Mansfield Lakeridge

The Talent Search program was so extremely helpful to me! I loved going on all of the college visits, and doing the community service with my TRIO friends. The workshops taught me so much about the college application process, financial aid and even how to manage my time so I can be successful. The program was amazing! I encourage all young people to join.

Angelica Chavez, Bowie Senior. Seniors!!!!

As a graduating senior, what Talent Search meant to me is just how much I gained that helped with me knowing I wanted to go to College. I realized I wanted to go to college not just for my family, but truly for myself. After all the college visits, I knew college was for me too! I enjoyed all the service activities because I actually have a natural for volunteering and it was great to know that was a part of the Talent Search program. It was tough at times to do some activities because I was an athlete, but I certainly enjoyed everything I was a part of.

By the way, the leaders are great too and quite funny as I got to see on an out of town college tour one summer.

I'm always recommending students I know to join!!!

Thank you, thank you!

Aaron Runnels SR. Bowie High School

“Talent Search to me meant hope, educational and social resources, and development as a student, as I had the opportunity to learn about pursuing higher education. Additionally, Talent Search provided me with a great foundation of knowledge regarding education and finances to succeed in college.”

Respectively,

Kayla Danage Sam Houston High School Senior with TRIO Talent Search

Hello,

I am Maria Calzada, a 10th grader at Arlington High School.

For me, Talent Search is a program that provides multiple opportunities for students to improve and enhance their skills, not only academically but also social.

Throughout my time in Talent Search, I've been continuously amazed at how supportive and effective this program is. It's not often people come across an establishment that cares so much about serving the community and preparing students to perform our best in the next chapters of our lives.

What Talent Search meant to me was an opportunity to help me prepare for college. They motivated me to want to succeed in college.

Warmly,

Marcos Castaneda – Seguin High School

I needed to find what career I wanted for my future and talent search was there to help me choose. That's what I thought talent search meant for me. Hello I'm Jamir Almanza, a senior from Sam Houston high school.

Jamir Almanza, SR. Sam Houston High School

Talent search to me means a place where you can explore different colleges and universities while making new friends.

Petra Okpetu, Sam Houston High School

What Talent Search means to me is a place where I can learn about post-secondary education. Talent Search creates opportunities for children to learn about college and also help their communities. It's more than just about college! We do community service and learn about ways to serve our community

What trio means to me

Preparing for College

Tamera Golliday

Talent Search is important to me as it is a way for me to meet new people and learn a bit more about myself. I also enjoy visiting many colleges I'm interested in and learning about a lot of opportunities I have.

Warm regards,

Jaden Brooks School of Science and engineering at Townview

Hi! My name is Surayama, a student from Sam Houston High School! Being in Talent Search means to have high chances to seek for more opportunities in dreams and make a future a better place ahead! Talent Search has given me the skills off how to be polite, and how we can handle situations when we get older!

Surayama Santos, Sam Houston High School

Para mi como madre de un estudiante, Talent Search es la oportunidad de conocer y entender el systema y la vida universitaria en Estados Unidos, lo que provoca que nuestros hijos quieran conseguir su diploma.

Gracias x su dedicacion!

Cari Moreno, Madre de Milagros Gomez-Moreno SR ILT

I found the college prep workshops and college tours most beneficial. All of the counselors were very supportive.

Julian Larry Class of 2020 Mansfield High School

The Trio program means endless opportunities to identify career choices, help students academically achieve success, guidance through paper trails, bridge gaps between adolescent and adulthood, and provide fun and challenging experiences through volunteer programs and college tours. Savon and Liana Northcutt have enjoyed the program and I have appreciated the help to take our visions and turn them into realities. Thank you!

Lonya Northcutt, mother
